COMMITMENT TO CONSUMER WELL-BEING**

Respect the Food!™

TamperSmart™ gives customers ultimate confidence in food integrity

SecureTab™

- Tamper evident **PULL TAB** feature
- Round and square deli containers
- Seven-inch low profile square

Rib-free sidewalls make these packages the ideal choice for merchandising salads, cut fruit, cookies, mini-bites, nuts, candy, and many other enticing items.

For Grocery: TamperSmart gives consumers a clear sign if products were tampered with, opened or damaged prior to sale.

*Once activated, our "pull tabs" and "corner tabs" remain on the package.

VersaLock™

- Tamper evident **CORNER TAB** feature
- Rectangular medium and large

These rectangular packages with rib-free sidewalls are great for specialty and fruit salads, bakery goods, nuts, candy and more. Unique VersaLock corner tab architecture yields the tamper-evident feature in a sleek package design.

For Foodservice: TamperSmart tells consumers if products are opened or damaged in transport, showing food integrity is a priority and associate it with your brand.

One Lid SKU adds security and convenience to a complete line of deli container sizes - to streamline inventory, storage and handling.

SecureTab breaks away easily, clearly signaling container has been opened. Lids are easy to remove and re-apply too.

One lid works with seven round container capacities

Embossed, intuitive instructions are easy to read; prevent customer from purchasing container with torn tab

Two-piece design provides a sturdy base allowing a light weight tamper-evident lid design

Tab positions for maximum shelf stocking efficiency.
